GENERAL

ADDENDUM ITEM NO. 2: QUESTIONS AND ANSWERS

1. On Drawing IR-3 Dated August 2018 it shows a trench across Schoephoester Road (Route 75). When calling the DOT to get a Encroachment Permit Price, we where told that the DOT

would never allow irrigation to be in right of way or go thru the right of way. Can you please let us know if this was previously cleared with the DOT and who the best point of contact at the DOT is if it was already approved. **The Project Engineer will be responsible for the preparation of the Encroachment Permit. Upon completion, the Contractor will sign the Permit, and submit to CTDOT District 1.**

END OF ADDENDUM NO. 1
